## Security & Surveillance Systems

Senspex Technical Services, LLC offers custom security solutions for government, commercial, and industrial applications. We provide system design, installation, training, and hardware and software support services. Our experience includes a wide range of government and commercial applications including nuclear, corrections, and border security.

We are a certified integrator of Genetec, UTC Lenel Interlogix, Honeywell, and OpenEye applications, as well as a dealer of Bosch, Samsung, Pelco, and Axis, among other products.
